Some helpful tips:

- Please provide (as a minimum) the angles shown in this guide: Nearside Front, Offside Front, Nearside Back, Offside Back, Up the Aisle, Down the Aisle, Cab Area, Driver's Seat, Engine Bay.
- Take the photographs in landscape format.
- Stand back from the vehicle to allow some space around it as shown in the external shots on this page.
- Take the photographs in a location which provides a professional or uncluttered background.
- Make sure that your photographs are in good focus so that any details are clear.
